

EVERYONE.NET SCHEDULED MAINTENANCE

Dear Valued Partner,

In our continuing effort to provide the best service possible, Everyone.net will be performing maintenance on our databases **Friday November 11th, 2016 and Friday December 2nd, 2016 between 9:00PM PT to 3:00AM PT / 12:00AM ET to 06:00AM ET**. During this time, all services including web mail, POP, IMAP, and SMTP relay may experience degraded performance and inbound mail delivery delays. Updates to user and domain information in the Control Center/Distributor Control Center administration centers and XRC web services will be unavailable during this time. We apologize for any inconvenience.

If you have any questions regarding this notice, please contact the Everyone.net Support Team at support@everyone.net.

Sincerely,

The Everyone.net Support Team
